A MESSAGE FROM OUR PARTNER

"Karen and her team at SPARK Philanthropy are dynamic! Karen is exceptional in her talents and abilities. She brings enthusiasm, creativity, professionalism, and her own personal "spark" to everything she does. We have been more than pleased with her services and the outcomes we have received from her consulting activities. I would highly recommend SPARK Philanthropy to any non-profit organization that seeks to build or revitalize a successful organization that leans on a development department and fundraising activities for growth."
